

## ALL-TIME ROSTER

*So far as we have been able to determine ~ from past records and collective, and hazy, less-than-stellar memories ~ these are the names of those who we know h the great game of Guts Frisbee in a tournament, or supported Guts Frisk and/or Guts Frisbee players thru the years.*

*As you'll see, names are listed alphabetically with Last Name first, then First then Nickname, then Maiden Name (when applicable), and now a symbol <D> has been added, the designation for those who have gone on before... to check the playing fields in the next life... wherever that might be!*

*We continue to add new names at every tournament, and add old names when tl  
You can help with this monumental task!  
E-mail a note to Steve Trauger platterman@aol.com.  
Corrections, additions ~ it all helps. Bring it on!*
